

Umps Pendant Chain

Product datasheet | Australia

A silver-coloured neck chain for wearing the Umps Button or Umps Fall Detector, with a reusable magnetic breakaway clasp.

Product specifications

Model	CA08-AUSI/01
Compatibility	Umps Button (previously Umps Pendant) and Umps Fall Detector
Dimensions	Length 75 cm; width approximately 3 mm
Weight	Approximately 12 g, including adaptor and clasps; excluding pendant
Colour	Silver
Pendant attachment	12 mm lobster clasp with a 10 mm diameter split ring; clasp attaches to the pendant eyelet
Neck closure	Reusable magnetic breakaway clasp
Supplied	One fully assembled chain in a resealable bag; pendant not included

Materials

Chain, clips and ring	Silver-plated stainless steel
Magnetic clasp housing	Silver-plated zinc alloy

Use and care

The silver-plated finish may darken over time, particularly with frequent water exposure. The chain contains nickel; if skin irritation develops, stop using it and contact Umps for another wearing option.
